TO WHOM IT MAY CONCERN:

Name of Project: Kingdom of Saudi Arabia
Ministry of Interior
Internal Security Forces Housing
Hafr Al Batin

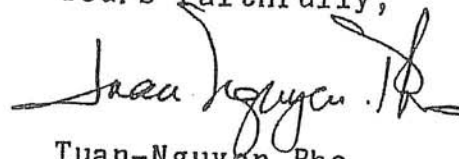

The AEGIS group has been awarded a US Dollars 33,500,000 contract for the above project which consists of 380 housing units, 27 family recreation units, 3 schools, 3 mosques, 2 clubs, a shopping center, utilities compound, and related areas.

AEGIS is contracted to supply to the project site all construction material and equipment required for all housing units and their facilities (with the exception of concrete mix, masonry and landscape materials). The range of materials under AEGIS's responsibility include all architectural, mechanical, electrical, telecommunications (CATV), irrigation, traffic signage, and all furniture and furnishing for the entire project.

Furthermore, AEGIS' services include material procurement, purchasing, network analysis, scheduling, quality control, shipping and delivery as well as all technical and management services related to the above contract.

We are most impressed with AEGIS's work which is performed in a professional and timely manner in accordance with the specifications and general conditions of the contract. Their staff and company show a spirit of cooperation with our staff and owners' representatives. This project is expected to be completed the end of 1985.

Yours faithfully,

Tuan-Nguyen Pho
Vice President

Yiu Wing Construction Company (Overseas) Ltd.
